

SEPTEMBER 1993

Hi everyone

Firstly, I must apologise for the delay in this newsletter but, unfortunately, once again we have been awaiting confirmation on developments.

You will be pleased to know that the long awaited greatest hits, or "Kim Wilde. The Singles Collection 1981-1993" (to give it its official name) will be released in the UK on Monday 13 September, following its European release on Monday 6th September. At the time of writing it seems likely that this album will also be released in the United States sometime in October. Our American members should keep their eyes peeled.

The Singles collection will be available on CD/BC/LP/DOC and Video. The album will comprise the following 17 tracks; Kids In America, Chequered Love, Water On Glass, Cambodia, View From A Bridge, Child Come Away, Love Slonks, The Second Time, Rope To Love, You Keep Me Hangin' On, Another Step (Closer To You), You Came, Never Trust A Stranger, Four Letter Word, Love Is Holy, If I Can't Have You and the bonus track, In My Life. Whilst the Video collection will comprise 12 tracks, and will include the 12" version of My You Really Want Me.

Needless to say, everyone was thrilled with the success of IF I CAN'T HAVE YOU which reached number 12 in the UK chart. The single is currently working its way steadily up the European charts, and Kim is keeping herself with numerous TV appearances, press and radio interviews - it's looking great!

Some of you may have heard mention of another possible duet. This may still happen, although it obviously won't be a part of The Singles collection. I would like to be able to give you a bit more information on this but, unfortunately, I'm sworn to secrecy at this stage!

Work is also going ahead on a reissue on RIBB IN AMERICA. There are a few different ideas flying around at the moment, and we're extremely excited and eager to hear the finished result. We'll keep you informed.

September will bring various TV appearances in Belgium, Germany, Finland, Holland and Greece to name a few. Not forgetting France, which will include a TV show with the Bee Gees! Kim will also be making a few appearances in selected HMV stores in England where she will be signing copies of the album, so check with your local stores. Our UK members will also be able to see Kim (and Marty!) on G.M.TV on Monday 13th September.

I'm afraid we don't have any Tour News for you at this time. I know how patient you have all been, and as soon as we have any definite plans to inform you of, we'll do so immediately.

Hope you enjoy the album.

All the best,

Edwina
