Hi there

Thanks for all your lovely birthday cards and presents. I'm still trying to reply to as many of you as possible, but apologies if it's not you.

There seems to be so little time these days, especially with "The Second Time" doing so well all over Europe - in fact I'm off to Germany tomorrow to appear in 'Tommy's Pop Show'.

So far, the single has done better in Germany than any where else and is at No.9 at the moment, and still going up! Of course I was a little dissapointed that it didn't reach a higher position in Britain, but I think the next single will.

We have chosen "The Touch", and I hope you like it.

At the moment I'm semi-recovered from all the bingeing I've been up to over the last week. Celebrating birthdays can be hard work!!

I decided to have a party with all my friends on the night before my birthday, and it was great.

The next day I decided to attempt cooking a traditional roast dinner for them, which turned out to be a complete failure. I was a bit surprised though, when one of my friends didn't even pick up his knife and fork!!!! Anyway, I tried again the night after, and it was much better, although I don't think I'll attempt anything like that again for a while.

Back to the good old can opener!!!!!!

Changing the subject completely, I found your comments regarding the new album very interesting. It's always nice to hear from you, and even if I can't answer you personally, I do enjoy reading all your letters, so keep them coming.

Well that's all for now, except to wish you all a very Merry Christmas, good health, and a very successful and Happy new year.

As we approach the end of another year, it's interesting to look back on some of the things that have happened in the past 12 months.

As far as record releases are concerned, the first was the single, 'The Second Time'. This was quickly followed by the release of Kim's fourth LP, 'Teases and Dares' and a second single - 'The Touch'. This track is released before Xmas in the UK and possibly Holland and Belgium, but will kick off 1985 in the rest of Europe, Australia and so on.

In more general terms, in spite of the lack of releases, the year has probably been the busiest yet. Kim began 1984 between record companies. It would have been understandable for Kim to have become very frustrated. Instead, along with Ricki and Marty, she helped put the finishing touches to the new recording studio and began working on an album. For the first time, working on an album also meant writing songs. Kim had been putting together a music room in her flat in London for the previous couple of months and, armed with a Yamaha DX7 synthesizer, a couple of microphones and a small rhythm box, Kim began to write. As you all know, the fruits of this can be heard on the new LP.

In June of this year, Kim and the band took out a couple of weeks to rehearse for and appear in a French Pop Festival and Kim's only disappointment is that this was the only live work during the year. Plans are already underway to remedy this as - although 3 one-off shows in France, Germany and the UK have had to be postponed due to promotion commitments - the early part of next year is already being mapped out with a two week tour of Iron Curtain countries, a three week tour of Europe and a five week tour of the USA being discussed.

As far as the American members are concerned we expect that you will hear more from Kim in the next 6 months than you have done in the past two years. The single 'The Second Time' (re-titled 'Go For It') will be released on January 16th (keep your eyes open for the 12" version), with the LP Teases and Dares following later. We're sure that Fan Club members in the rest of the world will be interested in developments in America, where Kim's career is really only just beginning. We will be very interested to hear about news items, radio and video plays etc. that the American fans pick up, and we would be grateful for their feed-back.

In closing, we would just like to remind you that a very special limited edition Picture Disc of the 12" to 'The Touch' will be available, featuring a fabulous extended version of 'Shangri-La' (one of Kim's compositions) on the B-Side. We've been lucky enough to see one and it's brilliant.

THE SECOND TIME

(R Wilde & M Wilde)

Don't wanna know about vacations in this cheap motel  
Don't wanna know about your sea green curtains  
Cos all I want 'n' all I need is just some time with you  
Don't complicate it - just do it once again

Just go for it  
Just go for the second time  
Just go for it, just go - just go

Don't wanna hear about the time - and how it's gettin' late  
How can you stop - when I could go for hours  
You need some magic - come on let me lean on you  
Don't look around - you're not goin' anywhere

Just go for it  
Just go for the second time  
Just go for it, just go - just go for it

And all I need  
And all I need  
'Cos all I want 'n' all I need

I'm never letting go - baby don't expect me to  
How can you stop - when my whole world's exploding  
Look in the mirrors - and see the heat of something new  
Why don't we do it - just do it once again

Just go for it  
Just go for the second time  
Just go for it, just go - just go for it

Don't get so nervous  
Don't get so hot  
Don't start to fumble it up  
'Cos all I want 'n' all I need

There's such an urgency in everything I need from you  
Stop giving up - you know you can't refuse me  
I've every reason to believe there's still a man in you  
You done it once - so come on go again

Just go for it  
Just go for the second time  
Just go for it, just go  
Just go for it, just go.....
