Issue 4

A big HELLO,

to, all you "wilde ones" everywhere. Welcome to issue 4 of the magazine produced just for you. Well, it's been a relatively quiet year for us all waiting patiently for the new single and CD, not much longer now!

Personally, i can't wait to hear the RICK NOWELS collaborations. Having listened to some Belinda Carlisle tracks recently, his influences should be very interesting. Here in the UK, Kim sang a duet with Jason Donovan, "Harvest for the World", on the AMNESTY INTERNATIONAL 30th anniversary show (the BIG 30) on 28th December. A very appropriate choice of song we think. There was also a surprise appearance of Kim, Joyce and Marty on the "This is your life - Tony Blackburn" tv show. Great to see them opening the show as first guests, now we know who to blame for all these years of Tony's Jokes!!

Kim also appeared on the "Brit awards" again this year, on 12th February. Announcing the award for the best British new-comer. Kim looked very fit and well, but.... what were you wearing! An unusual choice of outfit.

We'd like to thank you all for your letters over our first year, or so. It's always great to hear from you with comments and suggestions. If you have specific requests and want a personal reply please send an sae or irc as this will help to conserve club funds. As always, we will do our best to help.

Finally as many of you have already asked, renewal is due with this issue. We have kept membership cost the same as last year, and hope you'll all join us again and help us to grow in the coming year. We will be continuing the Discography and will keep you informed of all the special issue's of the new releases as they come. We also plan a couple of special interviews,

and lots of new photo's, as we know you like them.  
So, enjoy your Magazine and look forward to a  
great 1992.

*Best wishes  
Dee & Ray*

## KIM WILDE

"The Second Time" is Kim Wilde's first single with MCA Records and is released on October 1st. It's also Kim's first release in almost a year, and is taken from her forthcoming fourth album "Teases And Dares", which should be out on MCA at the end of October. As with her three previous albums, it's been produced by her brother Ricky and father Marty (M).

But where "Teases And Dares" differs from Kim's previous projects is that it's the first time that she herself has been involved in the songwriting and production of the material. Kim's been using the time since leaving Rak Records earlier this year to concentrate on writing songs and on brushing up her keyboard skills, and has written two of the songs on the album herself, as well as co-writing another with Ricky and M.

Since her chart debut in January 1981 with "Kids In America", Kim Wilde has had seven UK hit singles, and has also released three albums - "Kim Wilde", "Select" and "Catch As Catch Can". She has undertaken a major sell-out tour of the country and has also enjoyed phenomenal success abroad, particularly in France and Germany. But despite her impressive array of gold and platinum discs, critical plaudits and industry awards - for example, she picked up the Best Female Vocalist award from the British Phonographic Industry for 1983 - Kim remains resolutely unaffected by success. If anything, it's been a spur to her creativity - her songwriting involvement on "Teases And Dares" is only the beginning of what Kim hopes will lead to her writing a steadily increasing number of songs for both herself and other artists.

The material so far completed on "Teases And Dares" showcases the distinctive Kim Wilde vocal style in a stronger and more mature setting than ever before, providing irrefutable evidence that the release of the single and album heralds the welcome return of a major talent - Kim Wilde.

**"TEASES AND DARES".** FCM 3250

Released in the UK October '84. This album  
marked Kims first self-penned tracks, and a great  
deal of production and arranging, something Kim  
has wanted to be more involved in. It is still  
held by many as one of the favourite to date.

Variations are few but:-

## OUR LAST MEET WITH KIM.

On a nice autumn day, October 5th we went along to a craft fair in Knebworth, organised by "THE CHILDRENS SOCIETY". Amid all the hustle and bustle Kim arrived to open the fair (accompanied by Edwina). Kim kindly posed for a few photo's and confessed to not looking her best (we hadn't noticed!). This was due to a late night out in London, going to see "THE COMMITMENTS". Which was highly recommended to us. We thought Kim and Edwina looked great. Also, apologies to Ed, is it really 6 years since we last met!!

Kim walked around the stalls, taking a great interest in everything. Then came the time for a few words to everyone there to open officially and a long queue soon formed for autographs. The whole morning was very relaxed, with cups of tea, lots of chat, and Kim thoroughly enjoyed herself, so did we!

It was also nice to see Joyce, Mandy, Marty and Marty (m3) come along to support Kim, and the charity. A total of £759 was raised making a very successful event, which we were pleased to take a small part in with photo's for them.

We've included a few photo's for you.
